
AADL approved product list: therapeutic footwear benefits

Effective September 7, 2021

Alberta Aids to Daily Living

Approved Product List: Therapeutic Footwear Benefits

Effective: September 7, 2021

Authorization Type: Footwear - Therapeutic Footwear High Risk (TFHR)

Therapeutic Footwear

Therapeutic footwear prescription from a multidisciplinary high-risk foot team required.

Clients are eligible for one pair of therapeutic shoes, one pair of total contact inserts and custom modifications every twelve months based on their clinical need as determined by the multidisciplinary high-risk foot team. Not funded for acute or short term needs (pre-operative, post operative, etc).

The prices claimed to AADL must reflect the actual cost of the products or services provided up to the maximum price.
