

BlueFlex

For businesses with 5 or more employees

No two companies are alike—and neither are your employees. BlueFlex gives you the flexibility to select a benefit plan that fits you and your employees' unique needs.

Competitive benefits customized for your employees

A benefits plan from Alberta Blue Cross® gives you an edge in attracting and retaining great employees by offering benefits employees know and prefer. BlueFlex® delivers both the value your business needs and the coverage your employees want.

Choice and customization

Select from a wide range of benefits and coverage levels to build a plan that is personalized to your business and the needs of your workforce.

Cost control

Control your plan costs to ensure your plan offers comprehensive benefits but remains affordable on a long-term basis.

Support employee wellbeing

Protect the health and wellbeing of your business by supporting your most important asset: your employees.

BUILD IT YOUR WAY

Now more customizable than ever, BlueFlex® lets you choose exactly what your plan will include so you can determine the long-term costs of your benefits.

- 1. Each plan includes a core set of health benefits and life insurance.
- Customize your coverage levels across benefits like dental, prescription drugs, life and disability insurance, spending accounts, and paramedical services.
- 3. Talk to a representative and get started.

WHAT MAKES US THE PROVIDER OF CHOICE?

- Our experts: They will break down all the options, sift through the jargon, and ensure you're getting the coverage that truly meets your needs.
- Enrolment made easy: Online enrolment saves time and is more environmentally friendly because it eliminates the need for paperwork. With Member-Self Enrolment, your employees can conveniently enrol for their benefits on any device.
- Hassle-free claiming: Nearly 98 per cent of claims are direct billed by the
 provider at time of service. This means your employees can reduce their
 out-of-pocket expenses and enjoy the convenience of direct billing.

View the coverage details on the following pages and build the plan that fits your needs. Core benefits are automatically included in your plan. They can be customized by choosing maximums and coverage levels. You can further enhance your plan by choosing optional custom benefits.
