

Alberta Vaccine Booking System (AVBS) enrolment

On July 30, enrolment into the Alberta COVID-19 Pharmacy Immunization Program (ACPIP) was paused to support the roll out of the AVBS in community pharmacies. Now that the AVBS is live in community pharmacies, enrolment into the ACPIP will re-open temporarily from **September 2 to 9, 2021**.

As previously communicated, for community pharmacies to receive access to COVID-19 and/or Influenza vaccines, they are required to be enrolled with and use the AVBS and registered within Alberta Vaccine Inventory (AVI) reporting portal.

NOTE: If you do not administer COVID-19 and/or influenza vaccines on-site in your community pharmacy, you are exempt and not required to enrol in the AVBS.

The AVBS enrolment form and guidance on the steps required to support enrolment are available at:
