

2025 Alberta Blue Cross[®] Dental Schedule[®] (ABCDS)

As dental costs in Alberta are expected to increase in the upcoming 2025 year, an increase has also been applied to the ABCDS fees for 2025. The ABCDS provides our members with a reasonable basis of payment for Alberta dental claims that helps keep dental plan rates affordable.

WHAT CAN YOU DO TO GET THE MOST OUT OF YOUR BENEFITS WHEN YOU VISIT YOUR DENTIST?

Dental providers can charge very different fees for dental services, so it's important to be as informed as possible before getting dental work done.

Below are some things you can do to be the best dental consumer possible:

- Let your dental office know your plan pays according to the 2025 Alberta Blue Cross Dental Schedule.
- Ask your dental office how their fees compare to the 2025 ABCDS. You can refer to the chart on the next page that outlines the fees eligible for the most commonly claimed procedure codes.
- The easiest way to know if you will have to pay out of pocket for dental services is to have your dental provider submit a predetermination to Alberta Blue Cross prior to your appointment. This allows you and your dental provider to check how much your plan pays for the dental procedures you need before getting the treatment. Most predeterminations are processed instantly.
- Shop around. Because dentists charge differing fees, this can save you significantly.
- If you have another plan or a spending account, don't forget to use them.

Visit our [website](#) to learn more about the dental landscape, receive suggestions on how to be a wise dental consumer and find useful resources on the ABCDS. To learn more about your benefits, visit the [Alberta Blue Cross member site](#) or download our app from the [App Store](#) or [Google Play](#).

For your reference, the next page contains the 2025 ABCDS fees for many commonly claimed dental procedures.
